

NIKHIL GUPTA

Aspiring Software Engineer | BCA Student

India • Email: [Email to confirm] • LinkedIn: [linkedin.com/in/nikhil-gupta-64697b3b6](https://www.linkedin.com/in/nikhil-gupta-64697b3b6)
GitHub: github.com/nikhildev161011-tech • Portfolio: [Portfolio Link]

PROFILE

First-year BCA student focused on problem-solving and software development. Currently strengthening C++ programming, logic building, and programming fundamentals while building practical web projects. Bringing discipline, resilience, and teamwork from competitive cricket with a long-term goal of becoming a high-impact Software Engineer.

EDUCATION

Bachelor of Computer Applications (BCA) — 1st Year, Pursuing
Indira Gandhi National Open University (IGNOU), Jammu | Study Centre: BHU
Senior Secondary (Class XII)
[School Name] | [Board] | [Year of Passing]

TECHNICAL SKILLS

Languages: C++, C, HTML5, CSS3, JavaScript
Core: Logic Building, Pattern Printing, Programming Fundamentals, Object-Oriented Programming (OOP)
Learning: Data Structures & Algorithms (DSA)
Tools: Git, GitHub, VS Code | Web: Responsive Web Design, Frontend Development

PROJECTS

MediaShrink — Web-Based Image Optimization Tool

Tech: HTML, CSS, JavaScript / Node.js

- Developed a web-based image compression and optimization tool designed to reduce file size while maintaining visual quality.
- Built a responsive, intuitive interface focused on usability across desktop and mobile devices.
- Focused on efficient asset loading and a lightweight interaction flow for a fast user experience.

ReelDrop — Fast Video & Media Utility

Tech: Web Technologies, REST API Integration

- Built a lightweight media utility focused on streamlined video/media fetching and downloading workflows.
- Implemented input handling and validation for a cleaner and more reliable user experience.
- Designed a responsive, mobile-friendly interface with an emphasis on simplicity and usability.

ACHIEVEMENTS & EXTRACURRICULARS

Competitive Cricket — Active Player: Developed resilience, situational awareness, teamwork, discipline, and the ability to perform under pressure—qualities applied to coding practice, debugging, and problem-solving.

Continuous Learning: Actively practicing C++ programming, pattern printing, and logic-building problems while building a foundation for DSA.
